Getting started: your path to procurement success.

A Tailored Approach to Meet
Your Unique Sourcing Needs

Step 1. **Defining requirements**

We start by understanding exactly what you need, defining your quality and quantity requirements, along with budget considerations.

Step 2. **Expert sourcing**

We use our extensive network and on-site team to source suppliers that provide the best match for your needs.

Step 3. **Sampling & customizing**

If applicable and needed, we provide samples and can modify or customize products to ensure the best fit.

Step 4. **Contract & production plan finalization**

Once you're satisfied, we finalize the contract and procurement plan.

Step 5. **Execution & oversight**

We handle production oversight, logistics, quality control, and any other specific needs you may have. Our transparent percentage fee adjusts to your order volume.

Step 6. **Ongoing support**

We're fully transparent and by your side from start to finish — and beyond. Offering continuous support for any issues or needs that may arise during and after your procurement project.

Track every step with our customer portal.

**100% transparency throughout
the entire process**

Your portal to seamless procurement experience.
